

Announcing Stokes County Preschool Enrollment Fairs!

Screenings for 2011-2012 Preschool Classrooms are about to begin!

YVEDDI Head Start, Stokes County Schools, Stokes Partnership for Children (More at Four) and private childcare work collaboratively to support preschool programs. Children who meet the following requirements may be eligible to attend preschool: the child will be 4 years old on or before **August 31, 2011**; the child is in need of academic intervention, children with chronic illness, and/or the parents/guardians meet established income guidelines or actively serve in the military. The screening is free and open to all residents of Stokes County; however, first priority for class placement will be given to children who are in need of academic intervention prior to enrolling in Kindergarten. Others will be placed on the waiting list for preschool services. Parents who are interested in having their child screened for preschool are requested to call Wanda Craig (ext 141) or Shannon Cox (ext 147) at 985-2676 or 1-800-559-5606 to set up an appointment by April 30, 2011.
