

Information About Locations of Pre-K Sites

Children are assigned to sites by the Pre-K staff; however it would be helpful for us to know which sites would be convenient for you. Some sites are open to all applicants and some sites are limited to children who meet certain criteria. Children will be assigned to a site based on eligibility, residency, needs of the family, and requirements of the program.

In order to help us with placement decisions, please let us know which site(s) might best meet your needs. **Please indicate your 1st, 2nd and 3rd choices.**
