October 2022	
November 2022	
01/06/2022 Professionalism Inside and Outside of the Classroom	How do we maintain healthy boundaries with families in our classrooms? What are some suggested ways to handle these types of situations? Everything from social media to parent interactions at pick up and everything in between. Maintaining a professional profile is incredibly important for all of us as educators to maintain healthy relationships with families.

December 2022	
12/13/2022 IT SIDS	Infant/Toddler Safe Sleep and Sudden Death Syndrome Risk Reduction in Childcare. Mandatory for caregivers of children 0-12 months every 3 years.
January 2023	
01/12/2023 Resilience: Biology of Stress and the Science of Hope	Researchers have recently discovered a dangerous biological syndrome caused by abuse and neglect during childhood. As the new documentary <i>Resilience</i> reveals, toxic stress can trigger hormones that wreak havoc on the brains and bodies of children, putting them at a greater risk for disease, homelessness, prison time, and early death. While the broader impacts of poverty worsen the risk, no segment of society is immune. <i>Resilience</i> , however, also chronicles the dawn of a movement that is determined to fight back. Trailblazers in pediatrics, education, and social welfare are using cutting-edge science and field-tested therapies to protect children from the insidious effects of toxic stress—and the dark legacy of a childhood that no child would choose. The training will involve a preview of the film, roundtable discussion on the topic as it relates to child development and the early childhood classroom. The training will look at the connection between the aspects of the film and NC Foundations
Fire Safety 01/17/2023	This workshop will focus on the state requirements for childcare and after-school program compliance for fire safety including exit drills, evacuation procedures and use of fire extinguishers.
February 2023	
02/21/2023 “Why you” (Understanding Trauma and Building Resilience)	In this training participants will learn about childhood trauma, ACE’S, and COVID’s impact on ACE’S. We will talk about stress (types of stress) and how that presents itself in the classroom setting. Participants will look at changing their mindsets around trauma to support children and families in their classrooms. We will look at Protective Factors and how to set up Social/Emotional centers in their classroom to help children and families build resilience.
